CHUV postgraduate Education Course Tuberculosis Seminar

Welcome

Welcome to our seminar of the year!

The divisions of infectious Diseases and Pneumology are delighted to invite you to this seminar dedicated to sharing our collective experiences in the management of tuberculosis, both within Switzerland and on a global scale.

During this afternoon, we will approach tuberculosis with a focus on the local landscape, delving into the epidemiology and management of tuberculosis in Switzerland. Following this, we will broaden our perspective to include global health considerations. This segment will explore the management of drug-resistant tuberculosis, as well as the long-term sequelae of tuberculosis and innovative tools for tuberculosis triage that hold promise for improving outcomes on a global scale.

We thank our partners who have made this event possible.

Pr Christophe Von Garnier

Pr Daniel Kaufmann

Dre Jesica Mazza Stalder

Dre Noémie Boillat Blanco

Dr Onya Opota

Course Objectives

Postgraduate training for physicians, nurses, microbiologists, and public health workers on tuberculosis management, covering diagnostic approaches to therapeutics, with global health inspiring perspectives.

Target Audience

Physicians and nurses in infectious diseases, pneumology, infection control, general internal medicine, pediatry and public health.

Microbiologists

Our partners

Course Program

Friday, 13 September 2024

13:30 – 13:40 **Welcome to the seminar**
Christophe Von Garnier, Division of pneumology, CHUV, Lausanne

Chairs **Part I**
Jesica Maza Stalder, Division of pneumology, CHUV, Lausanne

13:40 – 14:00 **Épidémiologie de la tuberculose en Suisse**
Jean Paul Janssens, Division of pneumology, HUG, Genève

14:00 – 14:20 **Approche microbiologique de la tuberculose**
Onya Opota, Institute of microbiology, CHUV, Lausanne

14:20 – 14:40 **Prise en charge de la tuberculose chez l'adulte**
Jesica Maza Stalder, Division of pneumology, CHUV, Lausanne

14:40 – 15:00 **Particularités de la prise en charge de la tuberculose chez les enfants**
Isabelle Rochat, Division of pediatry, CHUV, Lausanne

15:00 – 15:30 **Coffee Break**

Chairs **Part II**
Noémie Boillat Blanco, Division of infectious diseases, CHUV, Lausanne

15:30 – 16:10 **Management of MDR and XDR tuberculosis**
Andreas Diacon, Lung Unit, Stellenbosch University, Cape Town, South Africa

16:10 – 16:30 **Post tuberculosis sequelae**
Gunar Günther, Division of pneumology, Inselspital, Bern

16:30 – 16:50 **Global health perspectives: lung ultrasound for tuberculosis triage**
Véronique Suttels, Division of infectious diseases, CHUV, Lausanne

16:50 – 17:00 **Closure of the seminar**
Daniel Kaufmann, Division of infectious diseases, CHUV, Lausanne

17:00 – 18:00 **Cocktail**

CHUV postgraduate Education Course Tuberculosis Seminar

Registration

Date

Friday, 13th September, 13h30-17h00

Course Venue

AGORA, room Paternot
Bugnon 25A, 1005 Lausanne
métro CHUV
